AI & CODING LOGIC

ACTIVITY WORKBOOK

Think Like a Coder • Solve Like AI • Create the Future

THE ROBOT LANGUAGE
Follow step-by-step instructions

LOGIC & SEQUENCE
Put actions in the correct order

MAGIC LOOPS
Repeat actions and find patterns

BUG HUNTERS
Find mistakes and fix them

AI BRAIN POWER
See how AI uses code to think

**NO SCREENS.
JUST THINKING!**

LET'S THINK.
CODE.
SOLVE.
GROW!

30
FUN PAGES
OF LEARNING
& ADVENTURE!

**SMART
BRAIN
MISSION**

★ STORY SEQUENCE: DAY IN THE LIFE ★

A story is made of events.
Put the pictures in the **correct order**.

Look at the pictures below.

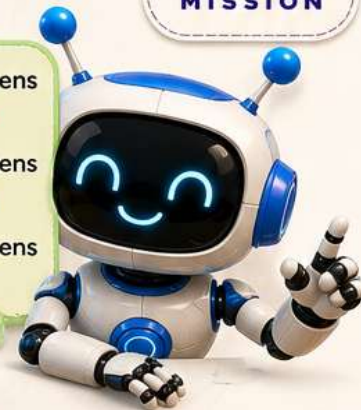

Write **1, 2, 3** in the boxes to show the **correct order**.

What happens **first**?

What happens **next**?

What happens **last**?

THINK!

Think about your day.
What do you do in the **morning**?

A good story has
the right order.
That's called a
sequence!

Great!
You are becoming
a **logic expert!**

PLANT GROWTH ★SEQUENCE★

A plant grows in stages.
Let's understand the **sequence**!

IF the plant gets
sunlight and **rain**,
THEN it grows!

Look at the pictures below.

Write **1, 2, 3, 4** in the boxes to show the correct order.

THINK!

What do plants
need to grow?
Sunlight, rain,
or both?

Plants grow step by step.
That's called a
SEQUENCE!

Great!
You are becoming
a **LOGIC EXPERT!**

Follow steps → Solve problems → Make things happen! ★

COLOR SEQUENCE PATTERN

A pattern means something that **repeats** in the same order.

Look at the color pattern below.

RED

BLUE

YELLOW

RED

Can you find
the **next** color?

Hmm...
The colors are
repeating.
What comes next?

★ Which color comes next?

BLUE

YELLOW

GREEN

Varnika

Logic helps us notice patterns,
so we can guess what comes next!

You are a pattern detective!
Great job!

SOUND & PATTERN LOOPS!

Loops help us repeat sounds to make awesome music patterns **again and again!**

This is a **SOUND LOOP!**
It keeps playing over and over!

BEAT SEQUENCER 120 BPM **LOOP ON**

	1	2	3	4	5	6	7	8
CLAP								
SNAP								
DRUM								
BASS								

← THIS PATTERN REPEATS →

HOW THE LOOP WORKS

- 1 Choose sounds
- 2 Place them in a pattern
- 3 Press **PLAY**
- 4 The pattern **REPEATS!**
- 5 Make awesome music!

Can you create your own loop?
Try it!

YOUR TURN! Create your own 4-beat loop pattern.

	1	2	3	4
CLAP				
SNAP				
DRUM				
BASS				

How does it sound?

Press **PLAY** to listen!

LOOPS are everywhere!

They help us make music, save time, and create amazing things with code!

Keep looping, keep creating!

REAL LIFE EXAMPLE:

Looping is used in songs, ringtones, video games, and even washing machines!

★ BUG FIXED! ★

Great job!
We found the **bug**
and **fixed** it!

CODER TIP!

Always put
steps in the
right order!

Now our daily
routine is
PERFECT!

YOUR TURN!

Let's **correct** the
daily routine!
Write the numbers
(1, 2, 3) in the
correct order.

1 WASH FACE

1

2 EAT BREAKFAST

2

3 PUT ON SHOES

3

REPEAT LOOP

We do this routine every day!
How many times?

REPEAT

WASH FACE
EAT BREAKFAST
PUT ON SHOES

=

3
TIMES

=

3 TIMES

REPEAT THE
ROUTINE
EVERY DAY!

AMAZING!

You fixed the bug
and made the
code work
perfectly!

Nice work!
You're a real
Bug Hunter!

Debugging makes us better coders! ★ Find it. Fix it. Make it **awesome!**

★ AI SORTING MACHINE! ★

AI can **sort** things by learning what they are!

AI looks at each item, **understands** it, and sends it to the **right place**!

AI THINKS:

LOOK at the item

UNDERSTAND what it is

SORT it to the right basket

AI LOGIC

IF it is...
THEN send it to...

IF it is an
APPLE
THEN send to...
HEALTHY!

IF it is a
CANDY
THEN send to...
SWEET!

★ CODER TIP!

AI learns from **EXAMPLES!**
The more it sees, the better it gets!

MORE EXAMPLES AI CAN SORT!

CLOTHES
by color

CARS
by type

FRUITS
by taste

BOOKS
by size

and many more!

Wow! AI is a super smart sorter!

CAN YOU HELP AI? Draw a line to show where each item should go!

HEALTHY

SWEET

AMAZING!

AI helps sort, organize and make our lives **easier** every day!
