Brighter Possibilities

Goal

Students ko sikhana ki AI tools (ChatGPT, Claude, Gemini, etc.) se accha, useful aur trustworthy output kaise nikalna hai — **school work, creative projects, aur research ke liye.**

Duration

6 sessions, 45–60 minutes each (ya self-paced, apni speed se).

Kaise use karenin:

- 1 Ek module per session karayein — jaldi mat karayein.
- 2 Har activity ke baad poochein: “tumhe kya seekhne ko mila?”
- 3 Jahan possible ho, real AI tool ke saath practically try karne dein.
- 4 Discussion points sirf “sahi/galat” nahi — reasoning develop karna important hai.

Not
Just
Answers,
But
Better
Thinkers

Kya seekhenge:

Prompt clarity, critical evaluation of AI output, ethical/responsible use, aur real-world application skills jo school aur future career dono mein kaam aayenge.

Materials chahiye:

Pen/pencil, (optional) computer/phone with AI tool access for live practice.

Prompting Basics

— Vague vs Specific

Better Prompts
Brighter Results
😊

Clear Questions
Get Better Answers!
😊

Concept:

AI ek genie hai —
jitna clear wish,
utna accha result.
Agar tum confuse ho,
AI bhi confuse hoga.

Socho...

Agar tum kisi dost se kaho
“kuch achha bana do khaane ko”
vs “mujhe 20 minute mein banne
wala, spicy, vegetarian paneer
recipe chahiye” — dusra request
zyada useful result dega, right?

AI ke saath bhi yahi rule hai.

Vague Request

Kuch achha
bana do khaane ko.

Result: Confusing
or not useful

Specific Request

Mujhe 20 minute mein
banne wala, spicy,
vegetarian paneer
recipe chahiye.

Result: Clear, detailed
and useful

Is module mein tum seekhoge:

1

Vague aur specific
prompt mein farak.

2

Har achhe prompt ke
4 building blocks.

Same
Curiosity.
Bigger
Possibilities!

Activity 1.2

Prompt Building Blocks

Har achhe prompt mein ye
4 elements hone chahiye!

Block

Matlab

Example

Task

Kya chahiye
(task/instruction)

“Ek summary likho”

Context

Kis liye chahiye
(audience, purpose)

“class 9 ke exam
revision ke liye”

Format

Length, style,
structure

“10 bullet points mein”

Constraints

Kya avoid karna hai
(ya specific limits)

“technical words
use mat karo”

Yaad rakhne ka tarika:

Fact Check — Answer Key

Let's See the Facts! 🚀

#	Statement (AI-generated style)	Answer (Sahi / Galat)	Explanation
1	"Mahatma Gandhi ne 1950 mein Bharat ka pehla PM banaya."	✗ Galat	Mahatma Gandhi kabhi PM nahi bane. Jawaharlal Nehru Bharat ke pehle Pradhan Mantri the (1947–1964). 
2	"Paani 100°C par har jagah boil hota hai, chahe height kuch bhi ho."	✗ Galat	Paani ka boiling point altitude (height) ke saath change hota hai. Jitni zyada height, utna kam boiling point. 
3	"Taj Mahal Agra mein sthit hai."	✓ Sahi	Taj Mahal Agra, Uttar Pradesh mein sthit hai. 
4	"Ek AI chatbot kabhi galti nahi karta."	✗ Galat	AI galtiyan karta hai. Wo kabhi kabhi galat ya adhoori information de sakta hai. Isiliye hamesha verify karna zaroori hai. 
5	"Bharat ka national animal Bengal Tiger hai."	✓ Sahi	Bengal Tiger Bharat ka national animal hai. 

Kyun AI galat hota hai?

AI ek super powerful tool hai, lekin ye perfect nahi hai. Ye kabhi kabhi galat information de sakta hai, kyunki:

Training data ki limits

AI jo data par train hota hai wo incomplete ya biased ho sakta hai.

Outdated information

AI ke paas hamesha latest information nahi hoti.

Pattern guess karna

Jab AI ko exact fact nahi pata hota, to wo kabhi kabhi pattern se guess karke answer banata hai. — jo galat ho sakta hai.

Don't Just Use AI.
Use It Wisely!

Prompt Template

[Topic] ke baare mein key facts summarize karo [format] mein.
Har point ke liye source type mention karo (agar pata ho).
Complexity level: [beginner/intermediate]

Use this
template to get
well-researched,
structured and
reliable information!

Apna Version Banao (Fill Karo)

Topic:

Format:

Complexity level:

Think about
what you want to
learn and how you
want the information
to be presented.

Example (Filled Prompt)

“Solar System ke baare mein key facts
summarize karo bullet points mein.
Har point ke liye source type mention karo
(agar pata ho).
Complexity level: beginner.”

Tips for Better Results

- ✓ Topic clear likho
- ✓ Format specify karo (bullet points, table, timeline, comparison, etc.)
- ✓ Complexity level batao (beginner/intermediate)
- ✓ Agar possible ho to source type mention karne ko kaho (books, websites, research papers, etc.)
- ✓ Follow-up questions pucho
- ✓ Information ko hamesha verify karo

C. Research & Projects (19–26)

Explore deeper. Find facts. Create something amazing!

19

[Topic] ke baare mein key facts summarize karo bullet points mein. Har point ke liye source type mention karo (agar pata ho). Complexity level: beginner.

20

[Topic] pe mere school project ke liye 5 interesting angles suggest karo jo baaki students shayad na sochein.

21

[Topic] ki ek simple timeline banao — 8 important events, date ke saath.

22

[Topic] ke baare mein 3 aise facts batao jo surprising ya kam-known hain. Saath mein likho ki inhe main kahan verify kar sakta hoon.

23

[Topic] pe mere project ke liye 10 research questions banao — easy se deep tak.

24

[Topic] ke pros aur cons ek table mein do, 4–4 points, neutral tone mein.

25

Ye data/information hai: [paste karo]. Isse ek clear summary banao jo main apne project ke intro mein use kar sakoon.

26

[Topic] pe ek poster ke liye 6 short headings aur har heading ke neeche 1 line ka content suggest karo.

D. Exam & Revision (27–35)

Revise smarter. Remember longer. Score higher!

27

[Chapter/Topic] ke notes banao bullet points mein. Important terms **bold** karo. End mein ek practice question add karo.

28

[Chapter] se 10 MCQ banao, 4 options ke saath. Answers alag se end mein do.

29

[Topic] ke liye 15 flashcards banao — front pe question, back pe short answer.

30

[Chapter] ka ek mind-map structure text mein banao — main topic, sub-topics, aur details.

31

[Topic] yaad rakhne ke liye ek mnemonic ya trick suggest karo.

32

[Chapter] se 5 aise questions banao jo exam mein aane ke chances zyada hain, aur batao kyun.

33

Meri exam [X] din mein hai aur mujhe [chapters] cover karne hain. Ek simple day-wise revision plan banao.

34

Mujhe [topic] pe quiz lo — ek-ek karke sawaal pucho, main answer doonga, phir batana sahi hai ya galat.

35

[Chapter] ka 1-page quick revision sheet banao — sirf sabse zaroori points.
